Education

•National Institute of Technology, Raipur *2021-25*
Btech in Electrical Engineering 7.85

•Navjeevan Science School, Sikar *2020*
Board of Secondary Education, Rajasthan. 80.40

•Government Praveshika Sanskrit School,Fatehpur *2018*
Board of Secondary Education, Rajasthan 80.17

Personal Projects

•Food App-Mern Stack

Leveraging the power of the MERN stack (MongoDB, Express.js, React, and Node.js), this application provides a seamless and delightful experience for users to explore and order.

- **Technologies Used:**ReactJs, NodeJs, ExpressJa,React-Router, MongoDB, JWT Auth, AWS
- NoSQL database used to store and manage diverse data related to users and orders.ExpressJs Backend framework used to handling server-side logic, routing, and middleware function
- Implemented a secure user authentication using JSON Web Tokens (JWT).

GitHub

•Crud App-React Based

The Material-UI CRUD app is a versatile and user-friendly application designed for managing and manipulating data through standard CRUD operations.

- **Technologies used:** Material-ui used with React.js
- The app is built on the React framework, enabling the creation of reusable and interactive components. React's virtual DOM enhances performance by efficiently updating the user interface when data changes.
- Material-UI ensures a consistent and visually appealing user interface across the application.

GitHub

•Portfolio Website

portfolio website is a showcase of my skills, projects, and professional journey. Built with a focus on user experience, the website utilizes a combination of HTML, CSS, JavaScript to create an engaging and responsive design.

- Tools & technologies used: HTML , CSS , JavaScript and Vscode
- Successfully deployed the fronted on GitHub Pages.

Frontend Live

Technical Skills

Experienced Languages:	C++ , SQL
Intermediate :	Python , Java
Frontend Technologies:	HTML5,CSS3 , Bootstrap , ReactJs
Backend Technologies:	NodeJs , ExpressJs
Database:	Mongodb , MySQL
Technical Subjects:	Object oriented Programming , Operating System , DBMS
Other Technologies:	VS Code , GIT , GITHUB

COURSEWORK

UNDERGRADUATE

Artificial Intelligence and Machine Learning , C++ Programming

Achievements

- **100 Day Accomplishment Badge** For solved problems on LeetCode for more than 100 days in 2023. *2023*
- **400+ DSA**problems has solved on Leetcode coding platform. *2023*

CERTIFICATES

•The Complete Web Development Bootcamp2023
